## "PARSIFAL" TABERNACLE.

Mme Kunze-Baker Will Present Wagner's Masterpiece Assisted by Tabernacle Choir.

## THE ANDERSON-FIFE NUPTIALS.

Hon. Frank J. Cannon Goes to Maine to Stump for Democracy—News Briefs and Personals.

Prof. Jos. Ballantyne informs the "News" representative that the Tabernacle choir will resume work in the near future. While in New York Mr. Ballantyne made a careful selection of an oratorio, the preparation of which will be begun as soon as the choir meets for rehearsal. Industrious work will be done so that a presentation may be had by the New Year or before.

Prof. Ballantyne also signed a contract with Mme. Bertha Kunz Baker for an interpretation recital of Wagner's great music drama, "Parsifal."

The choir will assist in this great work. It is a matter of congratulation that Mr. Ballantyne is securing an artist to give the Orphen public an opportunity to know the true meaning of so great a lyric work. It was done under the guidance of Mr. Ballantyne, a confident our people will appreciate the opportunity and stand back of him in this enterprise.

## MURRAY NOTES.

Clyde Price, the nine year old son of Mr. and Mrs. Price of Fourteenth South and West Temple, met with a curious accident during the week. He was driving a heavy wagon loaded with slag from the smelter dumps to be used upon the road on Fourteenth South street when one of the horses which he was driving became frightened and shied to one side, throwing the little fellow to the ground in such a way that both wheels passed over his stomach. When picked up by his friends he was unconscious and was carried to his home, where Dr. Olson of Murray attended his injuries. It was thought at first that he had received internal injuries from which he would not recover, but to the great surprise of all concerned was able to sit up the next day. When the nature of his injuries are considered it is less than miraculous that he is able to be around again.

## L. E. MARGETTS LAID TO REST.

The funeral services over the remains of L. E. Margetts were held in the Western Union funeral home yesterday last. A large attendance of relatives and friends was present. The funeral was the outcome of a serious accident which occurred to Mr. Margetts Sunday morning when he was riding his horse kicking furiously in the barn he rushed out to see what was the matter. On entering the barn he found that a nest of hornets which were located there were making a nest in the horse. Mr. Margetts attempted to rescue the horse when the animal kicked him in the stomach, causing his death Tuesday morning. Mr. Margetts was a tender father and a faithful Latter-day Saint. He leaves a wife, two children and many friends to mourn his untimely death.

## MANGLED BY A SWITCH ENGINE.

As George Williams of Sixteenth South was attempting to find his way home last Saturday night about 11 o'clock he met with an accident which came near costing him his life. Mr. Williams is an elderly gentleman and when he started from Murray early in the evening toward his home he became lost. He wandered about in his buggy until he reached the O. S. L. track near Jos. Cahoon's coal yard, where he was struck by a switch engine which demolished his buggy, throwing Mr. Williams out upon the ground. He was picked up by the train crew and taken in the engine to Salt Lake City, where he was sent to the Holy Cross hospital. Upon examination it was found three ribs were broken and he had been badly bruised in other ways. The latest reports are that the patient is slowly recovering.

## THE SMOKE NUISANCE.

The deadly effects of the poisonous smelter smoke has manifested itself so plainly this season as to leave no doubt in the mind of any reasonable person that something should be done to take care of the same and thereby protect the interest of the whole country. In the last two weeks of damp weather the leaves on the trees have changed their color as though they had been singed by a flame. It is quite important to note the vast extent of the district which is affected this season, compared to the previous years. In past years it has only affected those in the vicinity of the smelters, but this year it extends as far north as Elveh South and from there it extends over the whole of the county south. The smelters have been enlarging their capacity of late and every new smelter which is operated increases the volume of poisonous smoke. In some places the pears and apples hang on the trees bare and alone, while the leaves have been singed by the smoke until they have fallen off. The farmers of the whole county demand that something should be done to protect them from the smoke, but with their prosperity they should look after the protection of the vegetation of the country contiguous to them. The farmers in the district which is affected most can hardly dispose of their produce, especially their hay.

Payson, Utah, Aug. 26.—Two funerals are being held here today, this morning of Isaac A. Hancock, who died in the hospital at Salt Lake Aug. 24, where he was being treated.

He was a resident of Payson, and passed through many of the difficulties of the early settlement of Utah. He was born 68 years ago in Caldwell, Mo. He leaves a wife and a large family of children, most of whom are married, to mourn his demise.

The funeral of Jas. H. Hawkins will be held at 2 p. m. today from the second ward meetinghouse; interment will be in the Benjamin cemetery. Mr. Hawkins died on the evening of Aug. 24, of consumption. He with his wife had just recently moved to Payson from Benjamin, and intended to make this place their home. Deceased was born at Wellsville, Cache Co., this state, Jan. 8, 1865, and moved with his parents to Benjamin when he was a boy. He went on a mission to the southern states in August, 1890, but was compelled to return after a few months' work on account of lung trouble, from which he has been suffering since his return. Since his return he has acted for a number of years as Bishop's counselor in Benjamin, and was a faithful Latter-day Saint. His wife survives him.

**RUNAWAY ACCIDENT.**  
A runaway occurred this morning, while A. Peterson, the undertaker, was returning with his horse after delivering a coffin. Big Crops of Hay, Grain and Fruit—Joseph Bastion Bishop's Counselor.

**Special Correspondence.**  
St. Charles, Bear Lake Co., Idaho, Aug. 24.—We have had a changeable and dry summer. There has been a month that has been free from frost. On the night of the 20th and 21st there was a heavy frost, doing much damage to potatoes and other crops. It is feared that some wheat has been killed.

Potatoes will be very scarce on account of being cut down so many times by frost. Hay and harvesting is about completed. The wheat is good. There was a heavy rain the first of last week, which did considerable damage to hay that was cut. Fruit trees are heavily loaded, and the crop will be better than any previous year.
